

St James the Great Catholic Primary School Sport Premium 2017-18

Background:

In 2013 the Government is provided additional funding of £150 million per annum for each academic year until 2020. This fund was doubled from September 2017. The purpose was to improve the provision of physical education and sport in primary schools. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to schools to be spent on improving the quality of sport and PE for all their children. All state-maintained schools, academies, middle schools, special schools and pupil referral units which have primary aged pupils (as reported in the school census) will receive the funding.

- **There are 5 key indicators that schools should expect to see improvement across:**
- the engagement of all pupils in regular physical activity – the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
- the profile of PE and sport is raised across the school as a tool for whole-school improvement
- increased confidence, knowledge and skills of all staff in teaching PE and sport
- broader experience of a range of sports and activities offered to all pupils
- increased participation in competitive sport

This funding is ring-fenced and therefore can **only** be spent on provision for PE and sport in schools. We will be held accountable for how we have used the additional funding to support pupils progress and participation in PE and school sport. We are required to publish on-line information about how we have used the additional funding, including details about our sporting provision alongside curriculum details. This will ensure that parents/carers and others are made fully aware of the PE and sporting provision at St James the Great Catholic Primary School, Southwark.

Allocation:

For the academic year Sept 2017 – August 2018 we will receive an amount of £13,202

How will we be spending the Sports Premium funding:

We believe in a holistic approach to the development of sport and physical activity for all and encourage collaboration and partnership working to make the best use of resources and enhance PE and sport provision in order to raise participation and achievement for all pupils.

As a School we aim to use the PE Premium to achieve the following:

- investment in the professional development of staff at our school so they are best equipped to teach high quality Physical Education and school sport for years to come. This will include providing cover to release staff for professional development in PE and sport.
- membership of the London PE & School Sport Network based at Bacon's College, Rotherhithe.
- setting up and running at least one new after school sports club/Change4Life sport club.
- supporting and engaging the least active children through new or additional sports clubs during the school day.
- increasing the amount of competitive sport in which our children participate.
- continuing to take part in local sports competitions/events organised by The London PE & School Sports Network.
- subsidising offsite swimming
- hiring qualified sports coaches to work alongside staff for short PE modules eg Tennis and Dance
- making links to other community sports providers – encouraging pupils to join out of school sports clubs: e.g. Docklands Sailing & Watersports Centre
- encouraging our children to improve their leadership skills through sport – through sports leader initiative.
- developing intra-school competitions.
- developing the outdoor and adventurous activities element of the PE curriculum, utilising the school's own grounds and facilities.
- purchasing equipment to offer access to new sports and physical activities as relevant

Impact:

We will evaluate the impact of the Sports Premium funding as part of our normal self-evaluation and provision mapping arrangements. We will look at how well we use our Sport Premium to improve the quality and breadth of PE and sporting provision, including increasing participation in PE and sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.

Measuring the impact of the activities provided with sports premium funding can be achieved in different ways. We will look at progress in PE as well as other areas of development such as self-esteem, confidence and the numbers of pupils involved in sporting activities in and out of school. Assessments are made both formally and informally using our school assessment systems as well as feedback from staff and visitors to the school. We will also evaluate the impact of professional development opportunities in improving teaching and learning in PE. It is anticipated that at the end of the academic year we will have some hard data to show the impact of this sports premium funding on pupil progress and involvement in sport.
