

Reception Class Celebration Page!

Irvinne

Irvinne has been colouring in beautiful rainbows and for maths she has been learning how to add them together!

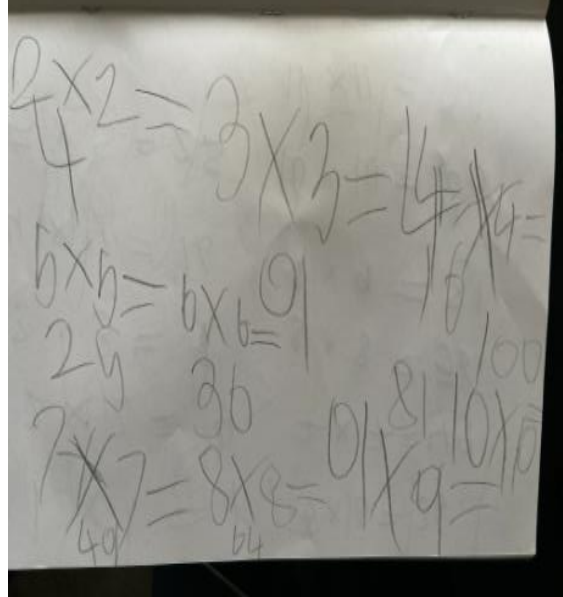

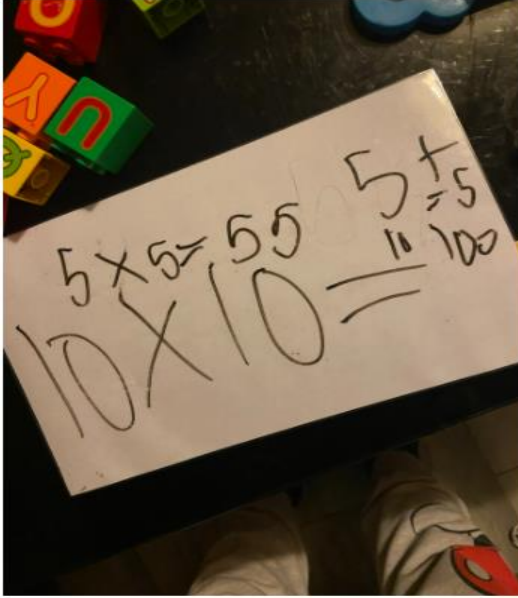

You can see Irvinne concentrating well to form her numbers correctly!

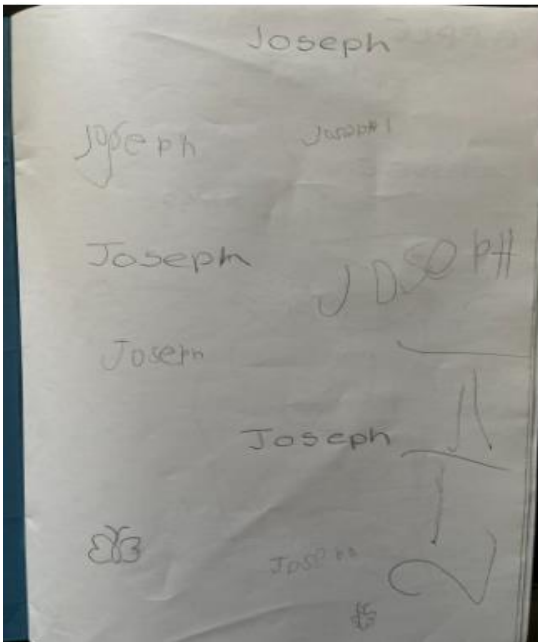

Joseph

In maths, Joseph has been practicing his times tables!

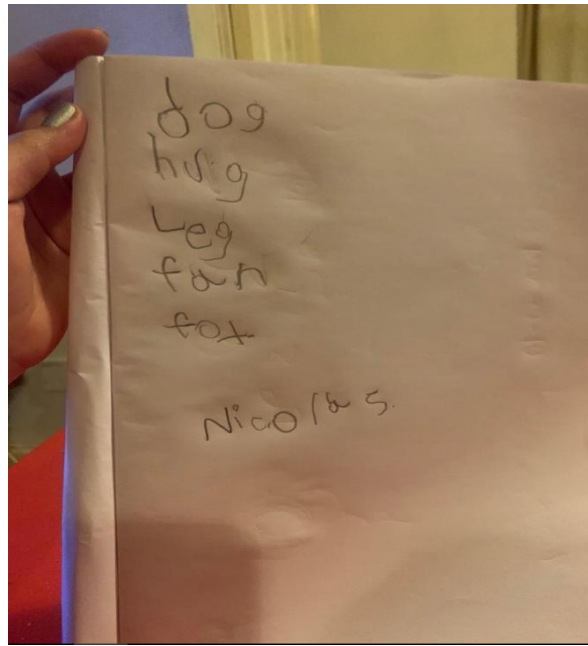

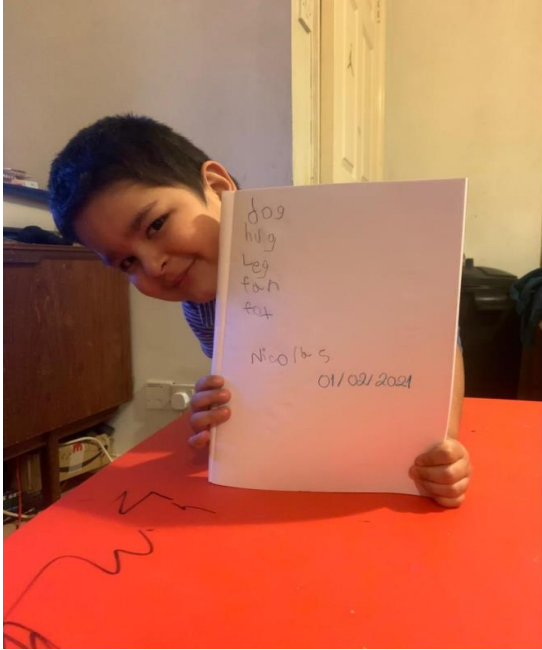

Joseph has also been practicing writing his name. He has written it on this paper plate and drawn a happy face!

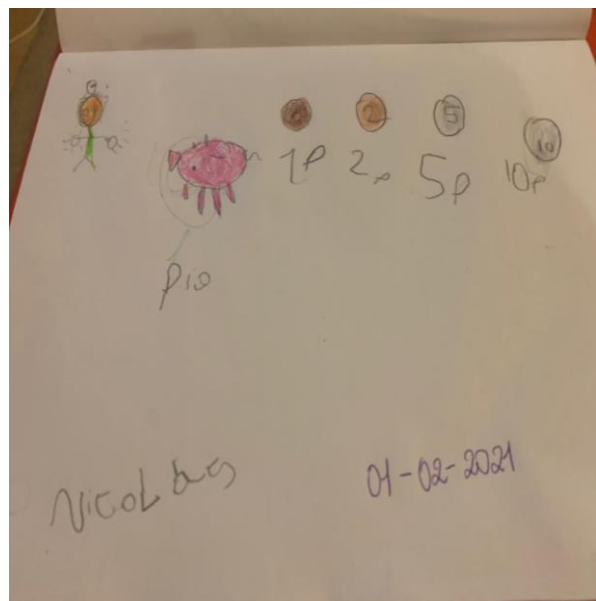

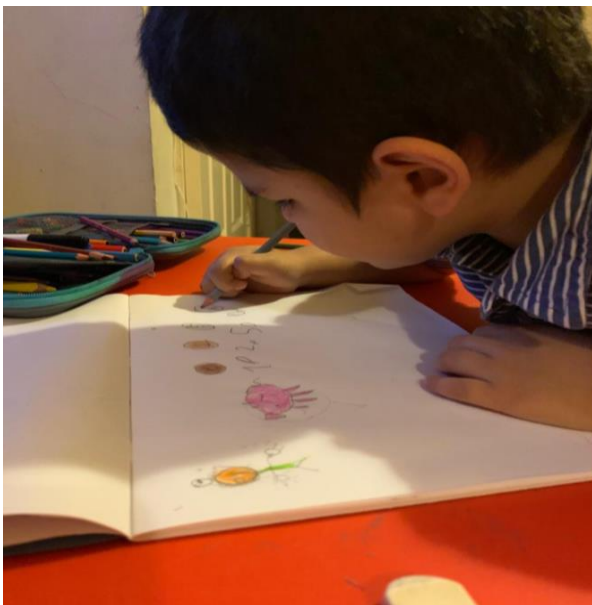

Nicolas

Nicolas has been using his knowledge of phonics to write these CVC words after looking at pictures of the objects.

He has also been learning about money and has drawn and labelled all the coins!

Well done to all the
children in Reception
Class working at home
and school! I am looking
forward to celebrating
more of your hard work
next term!
