moon spoon zoo	chew screw jewels	cube flute tube

Daniel has sorted words under different graphemes that all make the 'oo' sound- well done Daniel!

Yoel has sent in some lovely science work below:

## Science

### Seasonal Changes

What happens in winter?

- Winter is the coldest season of the year and everything is frozen. The nights get longer, and the days get shorter.

What's the weather like?

- Its snowy and the ground is covered with snow.

What do you wear in winter?

- I wear sweater, beanie hat, a scarf, gloves, boots and jacket to keep me warm.

What do you eat in winter?

- You can drink hot chocolate or drink hot tea.

What do you see in winter?

- I can see water freezes the ponds get covered with ice.
- Icicles hang from the rooftops.
- Most of the trees are bare without leaves.

Does it always snow in winter?

- Yes, and snowflakes are falling on the ground.
- Children love playing in the snow and having snowball fights.
- The girl is ice skating, and the boy is skiing and building snowman.

What do some animals do in winter?

- Animals like bears, hedgehogs, bats, turtles hibernate during winter.

**Well done to both children who have been working hard this week from home!**
